WHY INFORMATION MANAGEMENT

ON AVERAGE COMPANIES SPEND

- $20 to file a document
- $120 to find a misfiled document
- $220 to reproduce a document
- 85% of business documents are in paper form
- 7.5% of all documents are lost
- 3% of the remainder are misfiled

THEY ALSO SPEND

- Of their revenues on managing documents
- Of their professionals’ time looking for information
- Of their employees’ time managing documents

SOUNDS INEFFECTIVE, EXPENSIVE AND HECKTIC TO YOU?

THAT’S WHERE WE COME IN

Therefore™ information management software helps companies of all sizes optimize their processes and document workflows. By increasing their visibility, traceability and productivity, businesses can gain a competitive edge, improve customer service and make their employees’ lives easier and more efficient.
