HOME OFFICE PRINT AS A SERVICE

Sophisticated capabilities for your remote staff

SMART CHANGE STARTS HERE.

High Productivity – Predictable Costs – Ease of Ordering – Fewer IT Headaches

While working from home, your staff may be struggling with limited office technology. You may be concerned about the lack of control over budgeting, security, and consistency that comes with a dispersed workforce. Canon Solutions America can help with our print subscription solution that provides on-premise-like capabilities with a feature-rich solution designed to enhance productivity and control costs.

Print Subscriptions Include:

The Canon imageCLASS MF269dw laser multifunction printer.

Designed for small and home offices, the imageCLASS MF269dw offers speedy performance with minimal maintenance, and the LCD panel helps to deliver an intuitive user experience.

Users will enjoy the efficiency of a true all-in-one laser device for virtually all their copy, print, scan, and fax needs.

Canon GENUINE toner cartridges help provide longer equipment life, high yields, reliable performance, and high-quality output, while also helping to minimize jamming and other issues.

Your subscription includes remote service and support from Canon's award-winning, 100% U.S.-based, Customer Service team.

This support provides expert assistance for every level of experience—providing you with the peace of mind and value your business deserves. If the equipment cannot be repaired remotely, Canon will swap with a like-for-like device.

All for One Low Monthly Price

A product and program developed to support your key initiatives

USABILITY

Six-line Touch LCD for easy navigation. Create Wi-Fi® Direct hotspot from the printer to establish direct connection to mobile device(s) without the need for an external router.

WORKFLOW EFFICIENCY

Supports mobile solutions for printing and scanning. Duplex and full color scanning as well as the ability to convert files into multiple formats, including Hi-compression PDF and Searchable PDF (OCR).

SUSTAINABILITY

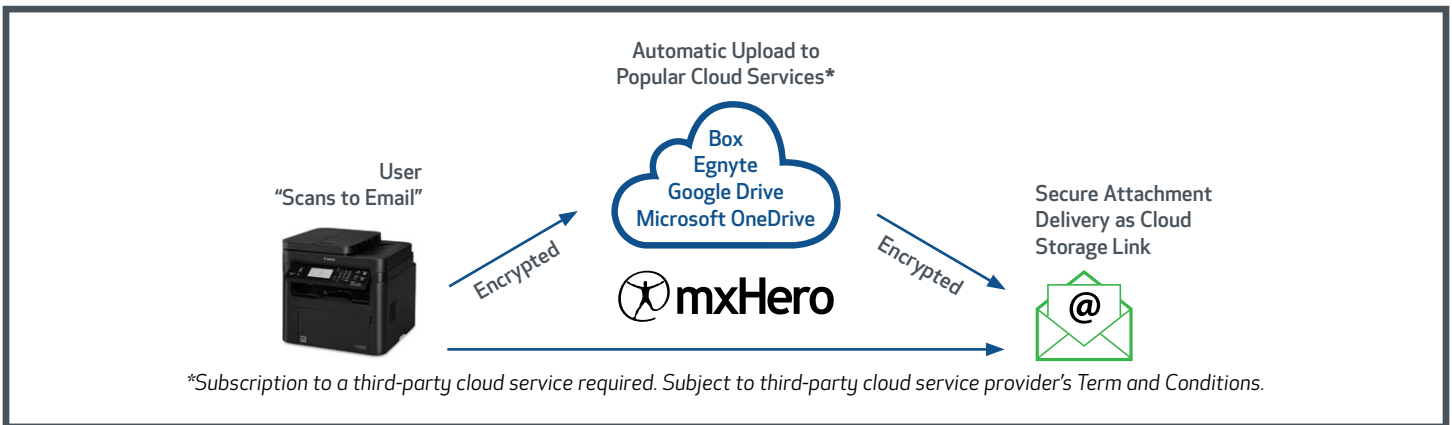

ENERGY STAR®-certified and rated EPEAT® Silver. A combination of fusing technologies and low-melting-point toner minimizes power requirements and helps achieve low-energy consumption. Multiple settings that can help save paper and energy.

SECURITY

Helps mitigate risk of confidential information loss as documents are only stored in short-term memory. Security settings can be set behind an administrator log-in.

Enhance your communications with the mxHero Secure Scan to Email option

The optional mxHero Secure Scan to Email device license provides an additional layer of email security to your multifunction printers by replacing scan-to-email attachments with a cloud storage link. This solution is only available with Canon devices and helps prevent data sprawl and security risks by allowing you to control your attachments.

mxHero Secure Scan to Email allows you to better secure, control, and track documents you scan to email via intelligent uploading of scanned documents through secure cloud storage links. And it's seamless for your workforce, too, as users need only follow their usual scan-to-email process.

SECURITY

End-to-end encrypted delivery of scanned documents.

CONTROL

Limit and/or revoke access to scanned documents sent over email.

EASY ADOPTION

End user scans to email as they always have, with no confusion.

TRACKING

Get notified—in real time—when the recipient accesses the scanned documents.

FLEXIBILITY

Send scanned documents of up to 100 Mb in size, without concern of traditional 10 Mb email file size restrictions.
