

DS-75i

FOLDER INSERTER

Productive, Versatile, and Intuitive

SMART CHANGE STARTS HERE.

 **CANON SEE IMPOSSIBLE**

PRODUCTIVE, VERSATILE, AND INTUITIVE

Combined with our mail management software, the DS-75i is the perfect mail assembly solution.

The DS-75i combines unparalleled ease of use with advanced technology. With its compact footprint, large loading and unloading capabilities, and features such as CIS scanning technology, the DS-75i can process a wide variety of mailpieces for invoicing, monthly statements, direct marketing campaigns, and many other applications.

Getting your mail folded and inserted has never been so simple. The intuitive color touchscreen of the DS-75i prompts the operator through each step of the process. This scalable system is extraordinarily quiet and designed to fit perfectly into any work environment. With its wireless and LAN-embedded capabilities, it can be connected to your network to enable remote diagnostics and remote assistance to provide help when needed.

Visibility and Integrity

The optional AIMS-500 software extends DS-75i's built-in document security to deliver complete end-to-end process verification. Its verification capability helps to confirm that every piece of mail in your job has been processed accurately, providing complete closed loop, piece-level integrity.

Automated Document Preparation

Quadient's optional Output Management Software (OMS) can add significant value by helping to enhance the formatting, personalization, grouping, printing, barcoding, and addressing of your documents.

OMS and AIMS, along with the folder inserter operating system, work seamlessly together to support all your business' critical communications requirements.

The DS-75i Offers Flexibility of Configurations

Increase Productivity

- High-capacity feeder
- MaxiFeeder tray
- High-capacity vertical stacker

Process Invoices and Statements

- 2 standard feeders
- 1 MaxiFeeder tray
- High-capacity vertical stacker

Enhance Customer Communications

- 3 standard feeders
- Side exit tray

Business Impact

Revenue Growth

Supports accelerated document delivery time allowing for quicker customer response and improved cash flow.

Risk Mitigation

Helps ensure sensitive information is not compromised by providing document traceability and a secure portal powered by Microsoft Azure.

Customer Engagement

Assists with increasing customer satisfaction by sending documents via the customer's preferred delivery channel, while providing the ability to easily interact, store, and retrieve documents.

Expense Control

Helps to reduce postage, preparation, equipment, and material costs by allowing migration from traditional mail to digital delivery.

DS-75i

2. Touchscreen Display The 7" color touchscreen enables navigation easily to create a new job or access existing jobs within seconds.

3. CIS Scanner Internal Contact Image Sensor (CIS) scanner can read OMR, OCR, 1D and 2D codes printed horizontally or vertically on the document.

1. Automated Stacker
The high-capacity vertical stacker holds up to 500 finished envelopes.

5. Document Feeders Process multiple page sets at high processing speeds using three standard feeders holding up to 975 documents (3 x 325). While in cascade mode, feeder sensors ensure continuous operation.

A State-of-the-Art Graphical User Interface

Designed for all users, the intuitive, full color, high resolution 7" touchscreen provides a wizard-based, user-friendly interface, making it easy for anyone to select and run their folding and inserting jobs.

And, see how easy it is to create a new job. Simply load your documents and envelopes and press the start button. The DS-75i will automatically measure the length of all loaded documents, as well as the envelope, in order to adjust all settings and process the appropriate mail items.

Smart Solutions to Maximize Flexibility

The exclusive FlexFeed® tray enables you to process many different document sizes. In combination with the unique semi-automatic envelope separation mechanism, this provides full flexibility for feeding a wide variety of document types.

Optimize Productivity with the MaxiFeeder Tray

Choose to load the MaxiFeeder with up to 325 BREs or load up to 1,200 sheets to help maximize your productivity.

SPECIFICATIONS

PROCESSING SPEED	Up to 3,800/hour
COLOR TOUCHSCREEN	Standard
AUTOMATIC SETTINGS	Standard
JOB MEMORY	50
FEEDERS	Up to 3
HAND FEEDING	Standard
MULTI-SHEET FEEDING	Standard
CASCADE FROM FEEDERS	Standard
DOCUMENT FEEDER CAPACITY	325 sheets (20 lb.)
HIGH-CAPACITY FEEDER CAPACITY	725 sheets (20 lb.)
ENVELOPE FEEDER CAPACITY	325
FOLDING CAPACITY (ONE SET, SINGLE FOLD)	Standard (Up to 10 sheets 20 lb.)
AUTOMATIC DOUBLE DETECTION	Standard
ACCUMULATE BEFORE FOLDING	Standard
HIGH-CAPACITY VERTICAL STACKER	Up to 500 envelopes
TIP-TO-TIP SEALING	Standard
LAN EMBEDDED	Standard
WIRELESS EMBEDDED	Standard
NOISE LEVEL	66 Db
FOLD TYPES	Letter, z-fold, single, double, parallel, no fold
DOCUMENT HEIGHT	3.5" - 14"
DOCUMENT WIDTH	5.1" - 9.1"
ENVELOPE LENGTH	3.5" - 6.35"
ENVELOPE WIDTH	6.3" - 9.7"
MAXIMUM INSERT THICKNESS	1 mm
MAXIMUM SET THICKNESS	2.5 mm
OPTIONS	
MAXIFEEDER CAPACITY	1,200 sheets (20 lb.)/325 BRE
SIDE EXIT	Up to 400 envelopes
MAILING SYSTEM INTERFACE	Available
BARCODE READER (BCR) FOR 1D AND 2D BARCODES	Available
OPTICAL MARK RECOGNITION (OMR)	Available
OPTICAL CHARACTER RECOGNITION (OCR)	Available
OUTPUT MANAGEMENT SOFTWARE (OMS)	Available
REMOTE ASSISTANCE	Available
REMOTE DIAGNOSTICS	Available
SYSTEM DIMENSIONS	
DS-75I (3 FEEDERS WITH CATCH TRAY)	50" x 20" x 29"
WEIGHT	175 lbs.
